2 Buddha's hand citron

2 quarts vodka

8 8-ounce bottles with good stoppers (or whatever bottles you want to use)

Wash the Buddha's hand citron, pat dry, and slice in half. Cut the peel into strips and remove any excess pith (a little is okay). Divvy up the peel among your clean, dry bottles. Pour the vodka into the bottles. Cap and store in a cool, dark place for 30 days. Your Buddha's hand citron vodka should be ready!
