2 flour tortillas

1/3 cup cheddar cheese, shredded

1/4 cup [carne advoda](#)

Heat a skillet over medium-high heat. Place a flour tortilla on the pan and sprinkle with half of the cheese. Distribute the carne advoda evenly over the cheese and top with the remaining cheese. Place the second tortilla on top. When the cheese begins to melt and the bottom tortilla turns golden underneath, carefully flip the quesadilla and let cook until the bottom turns golden. Remove from heat, slice and serve with salsa and avocado slices (or guacamole). Makes 1 quesadilla.
