

Fried Rice

<http://userealbutter.com/2009/10/16/chinese-fried-rice-recipe/>

this is just based on what I made for the challenge

vegetable oil

1 medium onion, diced

4 stalks celery, diced

salt

4 eggs, scrambled into little tiny pieces

1 cup beef kielbasa, diced

4 cups steamed white medium-grain rice

In a large frying pan, over high flame heat a tablespoon or two of vegetable oil and add the onion and celery. Sauté until the onions become translucent, seasoning with salt to taste. Add the eggs and beef. Stir together in the pan then add the rice. Break the rice up and stir fry (add more oil if needed – I prefer not to) until the rice is evenly distributed and browned in some places. Serve hot.
