

## **Frozen Grapes**

<http://userealbutter.com/2013/10/29/frozen-grapes-recipe/>

a bunch of grapes (seedless is probably best, but get holiday grapes if you can!)

You can pluck the grapes from their stems or leave them on the stems, whichever you prefer. Wash the grapes and blot them dry. Place the grapes in a vessel in the freezer. Freeze until hard (on the order of a couple of hours or more). Remove from freezer. Serve frozen.
