

Lychee Martini

<http://userealbutter.com/2008/12/18/lychee-martini-recipe/>

1/2 oz. dry vermouth
3 1/2 oz. gin (or vodka)
2 oz. lychee juice, strained from puréed lychees (optional)
2 oz. lychee syrup, from canned lychees
2 whole lychees for garnish

My bartender's guide recipe for a normal martini says to mix the vermouth and gin with ice and then strain it into a chilled glass. I'm guessing that is the way to do it. Pour in the lychee syrup and juice if using, and garnish with whole lychees.

jen's pansy version

serves 2

1/2 oz. dry vermouth
3 1/2 oz. gin
4 oz. lychee juice, strained from puréed lychees
8 oz. lychee syrup, from canned lychees
4 whole lychees for garnish

Follow above instructions and split between two martini glasses.
